Snow Tubing

If you like sledding, you will love Beech Mountain Resort's snow tubing park.

The snow tubing park is located adjacent to the ice skating rink in the resort village with sweeping north-facing views of the Blue Ridge Mountains. Our modern, well-maintained facility features extra-long tubing runs for a fun and safe experience.

The tubing area has its own dedicated lighting and snow-making system, as well as a speaker system playing music. The tubing lanes are up to 700 feet in length and serviced by a carpet conveyor, which transports riders quickly back to the top.

Sessions take place in two-hour increments with tickets sold on a first come, first serve basis. Once the session is over, head over to the ice-skating rink or take advantage of shopping and dining in the resort village. Lift/slope tickets are not required to access the snow tubing park, or any activities in the ski village.

Tubing Requirements:

1. Must be 42" or taller to ride.
2. All tubing participants must have a ticket.
3. No ski boots allowed in a tube or on the tube run.
4. Only one person per tube.
5. Make sure the lane is clear prior to starting down.
6. Exit in the lane you ride. Do not cross lanes, or go behind the netting/fencing as you exit the tube run.
7. No alcohol allowed. No impaired person is allowed to participate in tubing.
8. One must know how to load, ride and unload safely when using the tubing conveyor lift.
9. All tubing participants are required to drag their feet to slow down as they near the end of the tubing run.
10. Tubing may be hazardous. There are risks associated with this activity including, but not limited to: changing weather and surface conditions, speed and falling from the tube, slipping or falling while walking on the tube run area, collisions with others as well as natural and man-made objects, and the lack of control of speed and direction. By purchasing a tubing ticket, one assumes all risks, including the risk of injury related to this activity.

Ice Skating

One of the many activities available at Beech Mountain Resort is ice skating in the resort village. Our 7,000-square-foot rink provides a fun experience for people of all ages, surrounded by spectacular mountain vistas.

The outdoor rink offers daily sessions in two-hour increments. Admission fee includes skate rentals.

DINING OPTIONS

The Lodge

Spacious, yet cozy, The Lodge offers an array of quick food and drink options and serves as a central meeting spot close to the slopes. With daily specials and a warm, friendly atmosphere, the Lodge is an excellent choice for everyone in the family. The Lodge features cafeteria-style dining on one side, and a small area for adult beverages on the other side. View the slopes through floor-to-ceiling windows, sit by the fireplace, and relax.

5506' Skybar

Ride the chairlift to the highest indoor/outdoor skybar and restaurant east of the Mississippi. Perched at 5,506 feet, this popular hangout serves up Beech Mountain Resort's craft brews, along with a full-service bar. It's the perfect spot to grab a quick beverage or snack and warm up before returning to the slopes.

The skybar's observation deck provides panoramic views of the Blue Ridge Mountains. Relax in an Adirondack chair and take in the view as the mountains stretch from North Carolina into Tennessee and Virginia. And, when the weather's right, the skybar's umbrella-style roof retracts so you can enjoy the mountain sunshine.

Lift/slope ticket and equipment required to access 5506' Skybar

Red Baron Room

Located in the downstairs of the Taproom & Grill, the Red Baron Room is Beech Mountain Resort's version of a speakeasy. The Red Baron name pays homage to the resort's early days when the original owners incorporated their love of World War I flying aces into the motif of the lodge. The central feature of the Red Baron Room is a French-style bar, circa 1917, serving craft cocktails and rare bourbons. It is the ideal place to grab a quick bite, or play a game of billiards with friends, after a day on the slopes.

BEECH MOUNTAIN BREWING COMPANY

Beech Mountain is one of the few resorts on the East Coast to have its own craft brewery on site – Beech Mountain Brewing Company. This award-winning brewery offers two options in the resort village:

Taproom & Grill

The larger of the two options is the Beech Mountain Brewing Company Taproom & Grill, which serves food and drink in a traditional ski lodge setting accented with stone fireplaces. It's the ideal place to gather for lunch, dinner, a cold beer or a toasty drink. Menu selections are highlighted by sandwiches, burgers, salads and wings.

The Taproom & Grill is also the spot to be après ski. It hosts the resort's schedule of live music that showcases popular regional and national bands on a regular basis (see the resort website for a listing of shows). The taproom is also a great place to watch the big game or relax with friends and share stories from the slopes.

Brewhouse

The Beech Mountain Brewing Company Brewhouse is located beside the Taproom & Grill in the resort village. This is where all our craft beers available throughout the resort are made.

The Brewhouse offers a traditional brewery experience with opportunities to taste every beer brewed on site. Indulge in a pint of your favorite brew or enjoy a sampling flight of several beers. It's a fun atmosphere with bar games and weekly happenings like trivia and karaoke.

EVENTS

Winter Music Series

Beech Mountain Resort's Winter Music Series fills the Beech Mountain Brewing Company Taproom & Grill with a dynamic lineup of artists throughout ski season. This series has established itself as the premier ski season music series in the NC mountains. Regional and national bands close out a day at the resort with an experience that rivals your time spent on the slopes.

Beech Mountain Banked Slalom

Sharpen your edges and wax your skis or snowboards for the most anticipated competition of the season! The Beech Mountain Banked Slalom is North Carolina's ultimate test of speed and skill on the snow. Participants race through banks and berms at high speeds. Non-participants are encouraged to watch and cheer on the competitors.

Adaptive Ski Week

Beech Mountain Resort's Adaptive Ski Week is one of the longest running adaptive ski clinics in the nation. It introduces the benefits of winter sports to individuals with disabilities. Event sponsors bring in instructors from across the country, while donating the equipment and resources to teach skiing and snowboarding to individuals with disabilities from the Southeast region.

Purposeful Pints

On Beech Mountain, community means everything to us. You lift us up and support us. One of the ways we reciprocate is by supporting non-profits via Purposeful Pints. On select days throughout ski season, we donate a portion of every pint sold to a local non-profit organization. Be sure to check our website, BeechMountainResort.com, for Purposeful Pints days.

New Year's Eve

Beech Mountain Resort is the place to ring in the New Year. Dance the night away with live music at the Taproom and Grill, or gather at The Lodge for games and family-friendly celebrations. Everyone is invited to enjoy the fireworks show over the slopes.

THE PARK

The Park is Beech Mountain Resort's freestyle terrain section. It's a state-of-the-art terrain park with a highly-skilled crew that consistently creates a fun and innovative space to ride rad. The crew focuses on regularly reshaping, reinventing and rotating features from a vast inventory to ensure riders always have something new to enjoy.

The Park's location is away from the regular slopes and features its own dedicated snowmaking system and lighting system. A fast, handle-pull tow makes it easy for riders to hone their freestyle skills in a park-specific environment without general skier traffic. We allocate a lot of resources to make it one of the top freestyle terrain areas in the Southeast.

Your Responsibility Code

Skiing is enjoyed in many ways. At ski areas you may see people using alpine, snowboard, Telemark, cross country or other specialized equipment, including that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others. Be aware there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below, and share with other skiers the responsibility for a great skiing experience:

- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- Never, ever stop where you obstruct a trail or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using a lift, you must have the knowledge and ability to load, ride and unload safely.

Freestyle Terrain

Freestyle Terrain may include half-pipes and other features and jumps. These are provided for enjoyment and offer adventure, challenge and fun. However, freestyle terrain use – like all skiing and riding – carries the risk of serious injury. When using freestyle terrain, it is your responsibility to follow this responsibility code:

- When jumping and using this terrain, you assume the risk of serious injury.
- Be courteous and respectful to others.
- Only one user on a terrain feature at a time.
- Never jump blindly: use a spotter when necessary. Look before you leap!
- It is your responsibility to control your body on the ground and in the air.
- Always clear the landing area quickly.
- Always ride or ski in control within your ability.
